

The Legendary
Rossite
Granulated Drain Cleaner

Danger—Contains Caustic Soda!

This product is produced solely for use by professional plumbing contractors and specifically should not be used by unqualified consumers.

Those who resell these products should be covered by their OWN product liability insurance.

There is nothing like it! Rossite goes further and cleans drains better. Will not crystallize.

Rossite is made from an exclusive and PATENTED formula that has been developed for the particular use of the plumbing trade. Plumbers prefer it because **Rossite** boils its way through obstinate stoppages with a Rapid Triple Action that does twice the work in half the time...and **without disagreeable odors**.

Scientific tests prove that **Rossite** is better!

Tests prove **Rossite** is the only product on the market that will, when activated, maintain a temperature of **200° or more**—for over 12 minutes! This is the real secret to **ROSSITE's** success.

Rossite is poured directly into the drain. Followed by a little water, it will open and clear stoppages caused by hair, lint, vegetable matter, grease, etc. Also **very effective for thawing frozen drains, stacks and flush tanks**. **Will not harm enamelware, pipes and connectors**.

Do not use in disposers or on aluminum. Always flush with cold water.

SOLD IN QUANTITIES OF 12 ONE POUND CONTAINERS ONLY.

STRIP CLOSET BOWL & URINAL CLEANER
REMOVES SCALE

The sure way to eliminate SCALE, LIME, RUST, SODIUM, MAGNESIUM, CALCIUM, URINARY SALTS, CONCRETE, PLASTER, or other water-bearing solids. DESTROYS ODORS.

STRIP, with RODINE 213, does not affect metals (except aluminum) and is harmless to vitreousware, pipes, and connections. Chrome plate and nickel WILL tarnish if not rinsed off immediately.

STRIP can be used full strength or diluted, depending on the cleaning application and the amount of deposit to be removed.

For Urinals and Toilet Bowls: Remove standing water. Pour about 12 ounces of STRIP into bowl and allow to stand 10 to 15 minutes. If stains and urinary deposits are also on the sides and under the flush rim, use a small hand mop or a rag wrapped around a toilet brush to clean the stained area. FLUSH THE BOWL SEVERAL TIMES.

For General External Cleaning: Place part or equipment to be cleaned in a glass, porcelain, crockery, or plastic container and cover completely with STRIP. Allow part to remain 15 minutes or until part is clean. In cleaning parts that are impractical to immerse, use a brush or mop to thoroughly apply STRIP until deposit or stain has been removed. WASH THOROUGHLY WITH WATER.

For General Internal Cleaning: For cleaning items such as hot water coils, unit heaters, etc., introduce STRIP through the appropriate opening. If this is not practical, a piece of pipe or tubing can be attached and filled with STRIP. When part is clean, DRAIN AND FLUSH WITH WATER.

For Cleaning Brick and Tile: Prepare a solution containing 1 part STRIP and 4 parts water. Use a brush dipped in the solution to scrub brick or tile facing. Wear goggles. USE RUBBER GLOVES and protect person and clothing. Do not apply to mortar. WASH THOROUGHLY WITH WATER.

OUR GUARANTEE—
You must be satisfied.

ROOTROL ROOT ELIMINATOR

CONTAINS COPPER SULFATE WHICH IS NOT ALLOWED IN ALL AREAS. PLEASE CHECK YOUR LOCAL CODES

ROOTROL is the wonder-working chemical for eliminating ROOT and FUNGUS growth. In most cases it gives complete satisfaction overnight. ROOTROL is another exclusive creation formulated only by us. It is harmless to the skin and clothing as it contains no caustic soda. ROOTROL is readily assimilated by ROOTS, which become paralyzed. After a short while decomposition takes place, causing the roots to slough away like rusty water.

ROOTROL has a spreading action like oil on water and will coat the entire inside of pipe through which it flows, that way affecting growth entering from top or bottom of sewer line.

One can is usually sufficient for most jobs. 2 lb. can.

80-808	BIO-ROSS — 2 lb. Container	6	39.63	

Bio-Ross™ is comprised of 8 unique synergized bacterial strains and each 2 lb. container has over 4.5 trillion enzyme producing bacteria, which far surpasses any other similar product on the market. **Bio-Ross™** produces enzymes which eliminates all types of grease, fat, oils, modern synthetic detergents, cleaners, soaps and toilet paper from the drain system. Best of all, **Bio-Ross™** is completely safe.

ROSS ENZYME

ROSSANE

LIQUID ALIVE BACTERIA
WITH INSTANT ODOR CONTROL

LIQUID ENZYME TREATMENT!

NON-CAUSTIC

FOR WEEKLY DRAIN LINE
MAINTENANCE

DIGESTS AND LIQUEFIES WASTE PLUS IMMEDIATE MALODOR NEUTRALIZATION

ADVANTAGES

- Digests organic waste
- Non-toxic
- Eliminates strong odors
- Liquefies fats, proteins, carbohydrates & grease
- Harmless to marine & animal life
- Produces aerobic & anaerobic enzyme strains
- Excellent shelf life
- Use after any "caustic" or "sulfuric acid" cleaner to eliminate odor instantly
- Non-acid or alkaline
- Non-pathogenic
- Good initial odor control
- Reduces BOD & COD
- Harmless to plants
- Easily applied
- Contains no additives—100% effective

AREAS OF USE

- | | | | |
|-----------------|---------------------|-------------------------|---------------|
| Grease Traps | Drains & Mains | Septic Tanks | Porta-Toilets |
| RV Toilet Tanks | Marine Toilet Tanks | Cesspools | Drains Fileds |
| Sump Pumps | Dry Wells | Ponds | Lagoons |
| Holding Tanks | Sewage Waste Plants | Industrial Waste Plants | Homes |

RECOMMENDED FOR

- | | | | |
|--------------------------|----------------------|---------------------|------------|
| Feed Lots | Homes | Hog Parlors | Stockyards |
| Veterinarians | Commercial Buildings | Pulp & Paper Mills | Hotels |
| Public Restrooms | Dairy Industries | Apartment Complexes | Motels |
| Food Processing Plants | Nursing Homes | Ranches | Farms |
| Oil Field Slushpits | Boats & Marinas | Hospitals | Zoos |
| Restaurants & Cafeterias | Institutions/Schools | Municipalities | Plants |

ROSSANE is a suspension treatment consisting of specially developed bacteria, aerobic, anaerobic, and facultative in nature. The bacteria are harmless to animal and marine life and are non-pathogenic. **They eliminate the foul odors** and gases it produces. **ROSSANE** not only masks odors, it eliminates their causes. **ROSSANE** cannot rest in the presence of organic waste materials; it must process them. Once their job is done they immediately concentrate on building their colony population up to full strength. As soon as new waste comes into their presence they swing into action. Anywhere in your plumbing system (elbows, bends, joints and traps) where solid waste can accumulate **ROSSANE** can build a colony and eliminate the cause of sluggish drains and odor. **ROSSANE** can be sprayed on flat surfaces to eliminate organic odor in carpets, from urine, vomit, waste, etc.—or poured into ponds and lakes to control organic odor—safely.

"Jet Swet"

WHY USE JET SWET?

- Quick work on all full-port ball & gate valves & fittings
- Solder with water in lines
- Repair copper pipe
- Repair PVC pipe
- Change MIP or FIP fittings
- Working pressure up to 60 PSI
- Available in sizes 1/2" thru 4"

**HEAVY-DUTY
CARRYING CASE
AVAILABLE
HOLDS SIZES 1/2" TO 2"**

- Eliminates:
- Water Syphoning
- Main valve seeping water
- Bread clogging lines
- Freon to freeze the lines

The replacement for "plumbers bread". Finally the Plumber has a low cost and highly effective way to solve the age old problem of having to wait for the water to drain before he can solder.

The Jet Swet tool eliminates the need to wait for the water to stop draining or siphoning before you can solder copper or glue PVC pipes. The tools insert through a valve or fitting to seal off the water so that they may be replaced, water free. When repairing pinholes in a water line, valves or unions can be installed to keep the water away from the repair. This new technique developed by a working master plumber makes repair and replacement work safe where there is a water siphoning danger. Works on most full port gate and ball valves. Also allows male and female fittings to be replaced or installed. Kit contains up to six sizes with carrying case. 1/2", 3/4", 1", 1-1/4", 1-1/2", 2".

Item #	Description	Price	Stock
90-900	Full Kit - Sizes 1/2" to 2" (Shown)	739.22

2-1/2" Gauge throttle plug
0-300 PSI dial unbreakable face
3/4" female hose connection

Item #	Description	Price	Stock
91-250	Water Test Gauge	51.23	

WATER TEST GAUGE

2-1/2" Gauge throttle plug
0-300 PSI dial unbreakable face
3/4" female hose connection

Excellent to determine if P/T valve is leaking from failure or if leaking is caused by surge or excessive pressures. (Attach gauge to Boiler Drain Valve overnight.) LAZY hand operates over entire gauge range of 0-300 psi.

Regular pressure hand (shown at zero) pushes LAZY hand (shown at 250 lbs.) to peak operating or surge pressure point where it remains until you manually reset it.

Item #	Description	Price	Stock
91-251	Water Test Gauge	51.48

CONNECTOR**

- Four step sleeve with two or four adjustable steel clamps
- Packed in individual bag

Item #	Description	Price	Stock
51-398	Connector w/2 worm gear clamps	5.22	
51-394	Connector with two S.S. clamps	2.70	
51-399	Connector with four S.S. clamps	3.96	

**FERNCO®
DISHWASHER DISPOSER
CONNECTOR**

(DWC-100)

Item #	Description	Price	Stock
51-395	Disposer Connector	11.16	

**CLOTH INSERTED
NEOPRENE HOSE
FOR DISHWASHER DRAIN**

- Cloth inserted
- SOLD IN COIL OF 50 FEET ONLY** PRICED PER FOOT

Item #	Description	Price	Stock
51-411	5/8" ID	3.18	
51-412	7/8" ID	4.47	

**DISHWASHER
AIR GAP**

- Prevents waste from backing up into dishwasher
- No moving parts
- UPC/IAPMO approved 12 PER BOX

Item #	Description	Price	Stock
51-401	Plastic Air Gap	6.24	
51-403	Air Gap Cover Only	1.32	
51-404	White Air Gap (Cap Only)	28.53	
51-405	Brushed Nickle Gap (Cap Only)	28.53	

**AUTOMATIC
TRAP VENT**

- NFS 24-approved-patent pending
- Patent no. 3605132
- ABS plastic
- 1-1/2" MIP 50 PER CASE

Item #	Description	Price	Stock
53-230	Automatic Trap Vent	7.47	

**HOSE GRIP
CONNECTOR**

- For standard laundry standpipe drains

Item #	Description	Price	Stock
70-840	Hose grip connector	25.15	

**B&G
CIRCULATING
PUMP COUPLER**

(118709)

- Cast Iron
- For Pump # 4RD16, 4RD17, 4RC91 to 96
- Counterclockwise rotation
- shaft size 1/2" x 1/2"

Item #	Description	Price	Stock
48-133	Circulating Pump Coupler	107.38	

**B&G
COUPLER
ASSEMBLY**

(189110)

- All 1/12 & 1/6 HP booster pumps

Item #	Description	Price	Stock
48-138	Coupler Assembly	206.74	

**WHITE PLASTIC
CABLE
CLAMPS**

SOLD IN PACKAGES OF 100 ONLY

Item #	Description	Price	Stock
70-971	1/4" Cable Clamp	.42¢	
70-972	3/8" Cable Clamp	.48¢

LIME-LIFE ELEMENT SCREW-IN

13-1/2" Length 240 Volt 4500 Watts

Highest grade nickel and chromium.

An ultra low-watt density element, the Lime-Life is designed to heat in lime and sand build-ups that will burn out ordinary elements. The Lime-Life also works best in areas where water has a high mineral content. Because of its sheath, the Lime-Life will even withstand dry-firing, one of the main reasons other elements fail.

Item #	Description	Price	Stock
44-451	Screw-In Flange	89.68

WATER HEATER SAF-T-PAN

MADE OF HI-DENSITY
POLYETHYLENE OR ALUMINUM

- Virtually indestructible
- Comes with 1" drain
- Will not rust or corrode
- Will withstand temperatures from - 40°F TO 250°F
- Eliminates water damage from leaking water heaters
- Can be hooked up to pass all codes

**SOLD IN BOX
QUANTITIES ONLY**

Item #	Description	Box Qty	Price	Stock

Definite Purpose Contactors

- Designed to control air conditioning, refrigeration and resistance heating loads
- Ranges: 20 to 90 Full Load Amps (FLA)
- Poles: 1-1/2 to 3
- Coil Voltages: 24, 120 & 208/240
- Universal mounting base allows easy replacement of other manufacturers' devices
- Molded enclosed, replaceable coil structures
- Optional field installed auxiliary contacts available

20 - 40 FULL LOAD AMPS / 1.5 & 2 POLES FEATURES

- The coil and each power pole are supplied with two 1/4" quick connect terminals.
- Standard 20 - 30 FLA contactors feature hex screws with #2 Phillips / slotted heads.
- Standard 40 FLA contactors include box lugs.
